

Easy Data Transfer for Your Next Wellness Event

The ability to automatically and wirelessly collect biometric information and then transfer with or without internet is crucial for success and security at wellness events.

PTS Connect Blu-Dock™

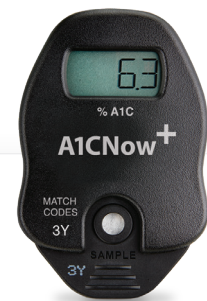

Wirelessly transfers biometric data to third-party data management systems* and connects with the PTS Connect® printer via cable.

May reduce transcription errors when compared to manual data entry.

*May require additional development

PTS Connect® Printer

Outputs biometric information on paper and self-adhesive labels in an easy-to-read format.

A1CNow®+ Test System Key Features

Accurate

Lab-quality A1C results, NGSP-certified

Fast

Results in 5 minutes

Easy to Use

CLIA-waived, portable with self-contained battery
